At A.R.K. New-Tech, our commitment to service does not quit when the sale is made. With 45 years of combined experience our dedicated service personnel provide solutions for all your grain dryer problems. Our Parts Department is well stocked with the largest inventory of grain dryer parts in western Canada and our computer system is linked directly to the courier company for prompt parts shipments. We look forward to serving you, now and in the future. In a continuing effort to serve you better, A.R.K. New-Tech Ltd will continue to offer two programs, *aside from our regular on farm service*, for the upcoming drying season. First is the **Dryer Phone Support Service** program. Second is the **Farm Fans Grain Dryer Pre-season Service** program. These contracts are explained in detail below. Please sign up early to ensure your place during the pre-season servicing schedule. Feel free to sign up using any of the following methods *phone, fax, email, or mail*. We will confirm that we have received your information. All of the forms for these programs will be available in the future on our website <http://arknew.com>. In an effort to keep our files current, please fill out the Customer/Dryer information below.

DRYER PHONE SUPPORT SERVICE

A service problem solved over the phone saves time and money by avoiding an on-site service call. This program will give you ***unlimited*** phone service for the drying season. Monday to Friday 8am-12pm & 1-5pm, Saturday 9am to 12pm. After-hours voice mail and cell service will be dealt with in a timely manner. ***Customers who have purchased a new or used grain dryer from A.R.K. New-Tech will receive Dryer Phone Support Service at no charge.***

\$ 65.00 + \$3.25GST = **\$68.25** Dryer Phone Support Service **Before April 23, 2010**

\$ 95.00 + \$4.75GST = **\$99.75** Dryer Phone Support Service **After April 23, 2010**

FARM FANS GRAIN DRYER PRE-SEASON SERVICE PROGRAM

To our valued customers we are offering the **Farm Fans Grain Dryer Pre-season Service** program. Scheduling will be done by April 23, 2010. After April 23, 2010 a Farm Fans Grain Dryer Service will be offered at the regular service call rate. The program consists of the **22 Point Inspection**.

- Inspect sparkplug/igniter. Adjust as needed
- Inspect flame switch/scanner/flame rod. Clean and adjust as needed.
- Inspect and clean burner, solenoid valves & regulators
- Inspect and clean electrical cabinet.
- Inspect and check tightness of all panel connections.
- Inspect and clean panel components, including relays and starters.
- Inspect and clean air switch & air switch tubes.
- Inspect indicator lamps, lens cover, and fuses.
- Inspect belts and belt tension.
- Lubricate bearings on augers and motors with grease.
- Check and record fan motor amps.
- Inspect belt and hand crank assembly on metering drives.
- Inspect grain columns for blockages, cracks, rusted areas and plugged openings.
- Inspect metering system including housing, bearings, flanged clean out.
- Inspect chain and sprockets and adjust to proper tension.
- Inspect chains and/or belt guards as to proper placement.
- Inspect screw conveyor housings and flighting where possible.
- Check control circuits for proper operation of the safety switches.
- Inspect vaporizer on LP systems
- Remove fan blades & clean.
- Fill out a dryer performance sheet
- Test fire unit if possible. We need electrical power and fuel supply but no grain is needed.

Replacement Parts and the labor to install them will be extra.
